**Thought for the Week**

*None of us likes to hear the truth, especially when it hurts, and yet it is the only thing that will save us, to set us free and let light into our darkness. However, there is an art in telling it, which consists of being totally honest and totally kind at the same time.*

*The person who, out of love for us tells the truth knowing that it is going to hurt, and at the risk of losing our friendship, is a true friend.*
